

Mission Statement Examples

To promote an understanding and appreciation of trees and nature through programs that integrate science and the liberal arts, focusing upon native landscapes and well-documented plant collections arranged aesthetically and ecologically in a naturalistic design for professional and public study and quiet enjoyment.

Our mission is to create a living museum that enriches the quality of life by providing a place for the appreciation and study of plants and the preservation of the natural environment

Our Arboretum and Gardens primary mission is to provide an attractive and treasured environment that best serves the many functions of the university and is conducive to serious study, community engagement, and contemplation which are so important to our academic mission. Our mission is aimed to best serve our primary audience of students, faculty, staff and alumni of ABC University. In addition, we aspire to be a community resource to the greater regional audience.

The ABC Arboretum is a historic public garden and educational institution. It promotes an understanding of the relationship between plants, people and place through programs that integrate science, art and the humanities. The Arboretum conducts four major activities: education, research, outreach, and horticultural display. As the official Arboretum of the XXX, the ABC Arboretum provides research and outreach services to state agencies, community institutions and to citizens of XXX and beyond.
