Cemetery Arboretum Toolkit

**Introduction:** This toolkit is meant to guide you through the ArbNet accreditation process, the steps to create a new arboretum, or building your arboretum’s capacity to upgrade to a higher level of accreditation. The toolkit contains resources such as, ArbNet template documents, as well as examples of the different elements that make up an arboretum from various ArbNet accredited arboreta. Overall, this should give you a more concrete understanding of what you need to create or enhance an arboretum.

Steps to Becoming an ArbNet Accredited Arboretum (Level I)

1. Complete a Strategic Plan
   a. A strategic plan defines the purpose and mission of the arboretum, its audience(s), and the types of plants that are grown to achieve that purpose or serve those audiences, provisions for the maintenance and care of the plants, and provisions for the continuing operation of the organization through time with a clear succession plan. As a cemetery, your strategic plan will more likely come from the cemetery’s and you should develop a mission statement as it relates to being an arboretum

2. Governance
   a. A governing board, a group of people, or authority that is dedicated to the arboretum plan and its continuation beyond the efforts of a single individual. Such an organizational/governance group will affirm fulfillment of standards and authorize participation as an accredited arboretum

3. Staff
   a. Employees or volunteers who ensure fulfillment of the arboretum plan and provide for the basic needs of the arboretum collection and functions of the arboretum.(i.e. grounds crew)
4. **Collections**
   a. 25+ species of woody plants and label them or mapped in some way (can be mapped online)
   b. All trees do not need to be labeled, just a selection of 25 species for easy public awareness

5. **Outreach/Education**
   a. Host at least one event, open to the general public
      i. Arbor Day
      ii. Earth Day with a tree related event
      iii. Walking Tour
      iv. Tree Planting
      v. Tree Care Education
