About IMLS

Who are we?

- IMLS is an independent federal grant-making agency and the primary source of federal support for the nation's libraries and museums.
- The Institute of Museum and Library Services (IMLS) helps ensure that all Americans have access to museum, library, and information services.

What do we do?

- We make **grants**, **convene groups**, **conduct research**, and **publish** in order to build the capacity of museums and libraries to serve the public.

IMLS Strategic Plan Goals

Promote Lifelong Learning: IMLS supports learning and literacy for people of all ages through museums and libraries.

Build Capacity: IMLS strengthens the capacity of museums and libraries to improve the well-being of their communities.

Increase Public Access: IMLS makes strategic investments that increase access to information, ideas, and networks through museums and libraries.

IMLS Funding – FY2018 Appropriations

Office of Library Services	\$189,272,000 (79%)
Office of Museum Services	\$34,715,000 (15%)
Administration, Research, Evaluation, Data Collection	\$14,000,000 (6%)
TOTAL	\$240,000,000

Who may apply for IMLS museum grants?

- You are eligible to apply if you are a museum that is a non-profit organization, or is a unit of a state, county, or local government, or is a unit of an institution of higher education located in the United States, its territories, or a freely associated state.

How does IMLS define “museum”?

- Uses a professional staff (employs at least one professional staff member, or the full-time equivalent, whether paid or unpaid, who is primarily engaged in the acquisition, care, or exhibition to the public of objects owned or used by the applicant)
- is organized on a permanent basis for essentially educational or aesthetic purposes;
- owns or uses tangible objects, either animate or inanimate;
- cares for these objects; and
- exhibits these objects to the general public on a regular basis through facilities which it owns or operates (at least 120 days/year)
